I received the information and prefer to talk with you alone on issues with our village. I can share with you the reasons for not participating in the larger group discussions.

Hello Ivan,

I'd be happy to talk with you about the HAMP project. I've set up a call for next Thursday the 19<sup>th</sup> at 9:30 am with the larger group to discuss updates to the HAMP. You should have received an invitation. I'd also be happy to talk with you separately about your efforts. Let me know what date/time works and I can set up a call. Thanks,

Emmanuelle

We ask to discuss the HAMP Project with you at sometime. We will give the newly established utility office time but we have been the village trying to jump start the tribe all these years. We are not comfortable that we face the every day treat of being cited by EPA for non-compliance. We have been prepared to began the HAMP to our village but faced the Hopi Tribal Council's non-approval of our request to proceed.

It was an honor to meet you as well Ivan. Thank you for your generous hospitality. I look forward to working with you. I hope your meeting with the utility director and water resources director went well today. I am looking forward to hear of the progress on the HAMP project. I plan to set up the next HAMP call for next Thursday and will send out an invitation shortly.

Thanks

Emmanuelle

**Subject:** Welcome

It was an honor to meet you during your visit to our reservation and First Mesa Village. We look forward to working with you and currently have updated information on our water system we want to share with you. The Hopi Tribe hired a new Director of its newly created Hopi Tribal Utility Authority. Our Water Program will be meeting with him today to introduce him to our water services and began serious discussion to finally move on the HAMP Project. We will have a presentation prepared for you the next time you come for your on site visit.
